

HOW TO DRAW GEMSTONES

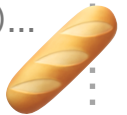

Lots of people like to have gems in their jewellery, it adds colour and sparkle!

There are loads of different shapes and colours, let's have some fun drawing some!

Maybe research gems online?

Draw the basic shapes: circle, oval, square, rectangle (called 'baguette')...

Try drawing them really small too, but still neatly

HOW TO DRAW GEMSTONES

Draw a large centre stone (any shape) with smaller round stones around it

This is a 'cluster ring'
